

Banner Grip™ banner stretching frame

American Owned

American Made

Takes loose banners and makes them drum-tight. Any size made fast, free shipping!

80"x 90" loose, un-stretched banner, that shows wrinkles and creases.

Stretched banner showing simple clamps that do all the work.

Will stretch out the worst wrinkles and creases. Your graphic will look like it was ironed!

Frame edges flipped down to cover clamps and mounting holes. Banner looks Beautiful!

FEATURES of the Banner Grip™ stretching frame:

1. Easily hang loose banner in frame before tightening, no struggling with precision alignment or sticky tapes; typically a one-man install;
2. Easily add clamps anywhere in rail -to get a perfectly tightened banner;
3. Inside or outside use, will not rust, drip or corrode -made of high-grade aluminum alloy and stainless steel;
4. Display **ANY** type of banner: raw edge, or existing banners with grommets, pole sockets or sewn edges -any thickness;
5. Will also hold rigid, but flexible substrates like solid plastic sheets or sheet metal signs. Will eliminate "waviness" and make signs perfectly "flat."
6. Shipped compactly as 4 pre-assembled sides by UPS ground -for easy and fast assembly on-site. Add in your rolled up banner to easily install beautiful signage anywhere -quickly. No minimums: 1 or 1,000.
7. Also available in single uncut lengths up to 145". Any size banners 100 feet + long !

Above: Typical, loose and sloppy banner mount.

Above: Banner Grip™ frame tightens banner, hides ugly edges and mounting hardware. Beautiful!
